Summary

Computer Science graduate with solid front-end development skills in HTML, CSS, JavaScript, and React.js. Experienced in API integration and building responsive user interfaces using Tailwind CSS. Eager to contribute to a dynamic development team and grow professionally by applying my skills in real-world software projects.

Education

B.Sc. in Computer Science, *University Of Duhok*

10/2021 – 05/2025

Skills

Technical Skills

- React JS
- HTML5
- CSS3
- JavaScript (ES6+)

- Tailwind CSS
- Git & Github
- Vite
- Material UI
- Responsive Design
- SQL

Soft Skills

- Problem-solving
- Teamwork & Collaboration
- Time Management
- Attention to Detail
- Quick Learner / Adaptable

Projects

Movies & TV Reviews

Developed a fully responsive Movies & TV Reviews web application using React.js, Redux Toolkit and Tailwind CSS, integrated with a REST API. Features include search functionality, trailers, and detailed cast information, providing a seamless and engaging user experience across all devices

Food Recipes

A Food Recipes web app built with React.js and Tailwind CSS, fetching data from a REST API. Users can search recipes, explore categories, and view detailed meal information. Fully responsive with a modern, interactive design.

E-commerce Fake Store Website

Created a Fake Store website with React.js and Tailwind CSS, pulling product data from an API. It's fully responsive, works smoothly on mobile and desktop, and shows off my skills in building interactive, real- world web apps.
